GRADUATE PROGRAMS

MASTER OF SCIENCE IN LEADERSHIP (MSL)
Optional Concentrations in Human Resources Management and International Management

Corporations and nonprofit organizations of all sizes value employees with the capacity to lead diverse workforces. The Master of Science in Leadership (MSL) program is ideal for professionals from all disciplines who work in healthcare, public administration, education, public safety and a wide variety of other business environments and wish to apply advanced organizational behavioral science and cutting-edge research techniques to creating and leading high-performance work teams and effectively guiding organizational change.

The MSL program, which can be completed in as little as 18 months, offers optional concentrations in human resources management and international management.

PFEIFFER OFFERS

- Small classes with students from diverse backgrounds
- Highly qualified faculty with practical business experience
- Classes at convenient Charlotte and Triangle campuses and online
- Optional concentrations in human resources management and international studies
