The online RN-BSN program includes instructive and clinical experiences designed to expand the existing professional knowledge of North Carolina residents holding an associate in applied science degree in Nursing, associate degree in Nursing or diploma in Nursing from a hospital program, and hold an RN license to practice nursing in North Carolina, a compact state. Compact states allow a nurse, licensed in one compact state to legally practice in another compact state.

Designed with the working RN in mind, Pfeiffer’s RN to BSN program operates within the framework, values and philosophy of its current BSN program, which prepares students for leadership roles in client care and management as well as to care for diverse populations within a community.

PFEIFFER BENEFITS

- Small classes with students from diverse backgrounds
- All courses are online courses so you can set your own pace for achievement
- Faculty with academic credentials as well as real-world experience
- Affordable tuition and financial aid
- A generous transfer policy that allows credit for most courses completed at other accredited institutions

HEALTHCARE INDUSTRY

With healthcare employers showing a preference in their hiring practices for new RNs to hold baccalaureate degrees in nursing and requiring current RNs to return to obtain these credentials, it is essential that all nurses have access to educational opportunities that help them boost and sustain their ability to remain professionally competitive.

APPLICATION REQUIREMENTS

- Completion of an associate degree in science with a major in nursing or an associate in applied science with a major in nursing or hospital diploma nursing program
- Official transcripts from all colleges and universities you have attended.
- Prerequisites must be met before enrolling in core classes
- Current unrestricted RN licensure
- Grade of "C" or better in all required nursing prerequisites and cumulative GPA of 2.0
- Immunizations as required by the university and department of Nursing
- Submission of satisfactory criminal background check
- Proof of liability insurance

CURRICULUM

A bachelor of Science degree in Nursing requires a total of 120 semester hours, including 11 semester hours of nursing prerequisites and 26 semester hours of nursing core courses. The remaining required hours, if necessary, can be taken in combination of general education and elective hours. Pfeiffer University’s residency requirement for the RN to BSN program is 30 semester hours.

KEY PROGRAM FEATURES

- Pfeiffer’s four-year BSN program accredited by CCNE with approval pending for RN-BSN
- Ability to transfer all general electives and prerequisites, up to 60 credits of the 120 required for graduation. The length of time required to complete the program varies for each individual due to differences in education backgrounds.
- No application fee.

ABOUT PFEIFFER
Pfeiffer University is a comprehensive United Methodist-related university with multiple campuses and delivery systems designed to meet the needs of adult, graduate and traditional undergraduate students. Having offered graduate and degree completion programs for adults for more than 25 years, Pfeiffer has become an educational leader through innovative academic programs and commitment to the ideas of servant leadership. One of the first institutions in Charlotte to offer graduate and adult education programs, Pfeiffer boasts thousands of highly talented graduates and continues to expand its programs to meet the demands of today’s global economy.

As an institution grounded in the principle of service before self, Pfeiffer’s priorities are serving the needs of our students and instilling in them the nature to serve and knowledge to lead and to go Beyond Boundaries.
